~OUR CREDO~

We are not fast food. We are great food. All of our food is cooked to order, rather than languishing in a steamy weenie hot tub. Our fries are hand cut, soaked in ice water and cooked to order. We serve real food, for real people. At Ruffhaus we adopt a very casual laid back atmosphere with a European pub vibe. We might be a bit ruff at times so don' t despair. Our hot dogs are snappy, not the people who dine here. If you like us, we love you. If you need to move some tables around, feel free, but please help us by moving them back. We do not have TVs or offer Wi Fi, so might have to actually socialize in person for a change. We will give all wild, unattended children a free puppy and a BB gun. We are all dog loving people. However, the health department is not.

Ring the bell if you are happy!

WE CATER!
